

## Group Collaboration Feedback Instrument for Primary Grades

Each group member should rate the following statements independently. Read each statement and place a check mark under your rating. Be honest in your ratings!

	No 	Maybe or I Am Not Sure 	Yes 
The group began working right away. The teacher did not have to remind the group to get started.			
The group made a plan and brainstormed ideas before members began working.			
Each group member worked on the project the entire time.			
Each member had a chance to explain his or her thoughts and ideas for each part of the project.			
Group members worked together and got along.			
The group researched to find a solution to this project.
